RE: Accumulation Extension Request
Industrial Laminates/Norplex, Inc.
Postville, Iowa
RCRA ID Number: IAD073489288

Dear Mr. Thorstenson:

This letter is in response to your May 24, 2011, request for a 30-day extension of time to ship hazardous waste to a permitted treatment, storage, or disposal facility from Industrial Laminates/Norplex, Inc. You described the waste as follows: The waste is water pumped out of a well next to old underground storage tanks. This is a remediation effort. UN1993, Waste Flammable Liquids, n.o.s. (Methanol, MEK), 3, PGII, EPA waste codes: D001, D007, D008, F003 & F005.

It is my understanding that the 90-day accumulation time expires June 2, 2011, but the waste hauler is unable to receive the hazardous remediated waste water until June 6, 2011. This circumstance appears to be unforeseen, temporary, and uncontrollable by Industrial Laminates/Norplex, Inc.

Pursuant to 40 CFR § 262.34(b), your request is hereby granted. You have an additional thirty days to accumulate the hazardous remediated waste water at your facility. If you have any questions, please contact me at 913-551-7621 or buckner.edwin@epa.gov.
